COMMUNITY IMPACT GRANT FUNDING
FY28 FUNDING OBJECTIVES

	YOUTH OPPORTUNITY	HEALTHY COMMUNITY	FINANCIAL SECURITY	COMMUNITY RESILIENCY
OBJECTIVES	Helping young people realize their full potential.	Addressing urgent needs today for a better tomorrow.	Building financial stability and strength.	Improving health and well-being for all.
OUR FOCUS	We empower youth and young adults to reach their potential by removing barriers to educational success and providing support systems for personal growth.	We build resilient communities by addressing short - term needs such as food, shelter, and clothing, while also focusing on relief efforts that contribute to a more secure and sustainable future.	We support hardworking families by offering education, financial tools, and job training to help them build a sustainable and secure future.	We help people overcome health barriers by enhancing access to nutritious food, quality health education, and essential preventative care services, including mental health support.
FUNDING TARGETS PROGRAMS THAT PROVIDE:	• early childhood and kindergarten readiness programs • college and career readiness programs • whole student school supports • in school, after school, and summer learning programs • transportation to school and education services	• access to primary and specialty healthcare • public benefits access - SNAP, WIC, formula - and insurance navigation services • nutrition education services • substance misuse recovery and prevention • mental health suport • transportation to medical services	• continuing education support, job training, and career pathways • financial education and coaching • affordable housing, and homeownership education and supporting • financial assistance to childcare services • transportation for work or job training	• domestic violence support services • homelessness prevention services, including 24 hour emergency shelter, short term temporary housing, and domestic violence safety shelter • rent and utility assistance • access to food and groceries • transportation to access critical relief services
